HEY! Arnie!
Hurry up or we'll miss
the professor's
demonstration.

Iron Cow

Professor Steamhead

Steam is the key to the future! This test battle-suit is the way to military success in the future...

...When Egos Clash...

... naturally, due to its built-in hydraulics and steam chambers. Because of the steam, it is invincible.

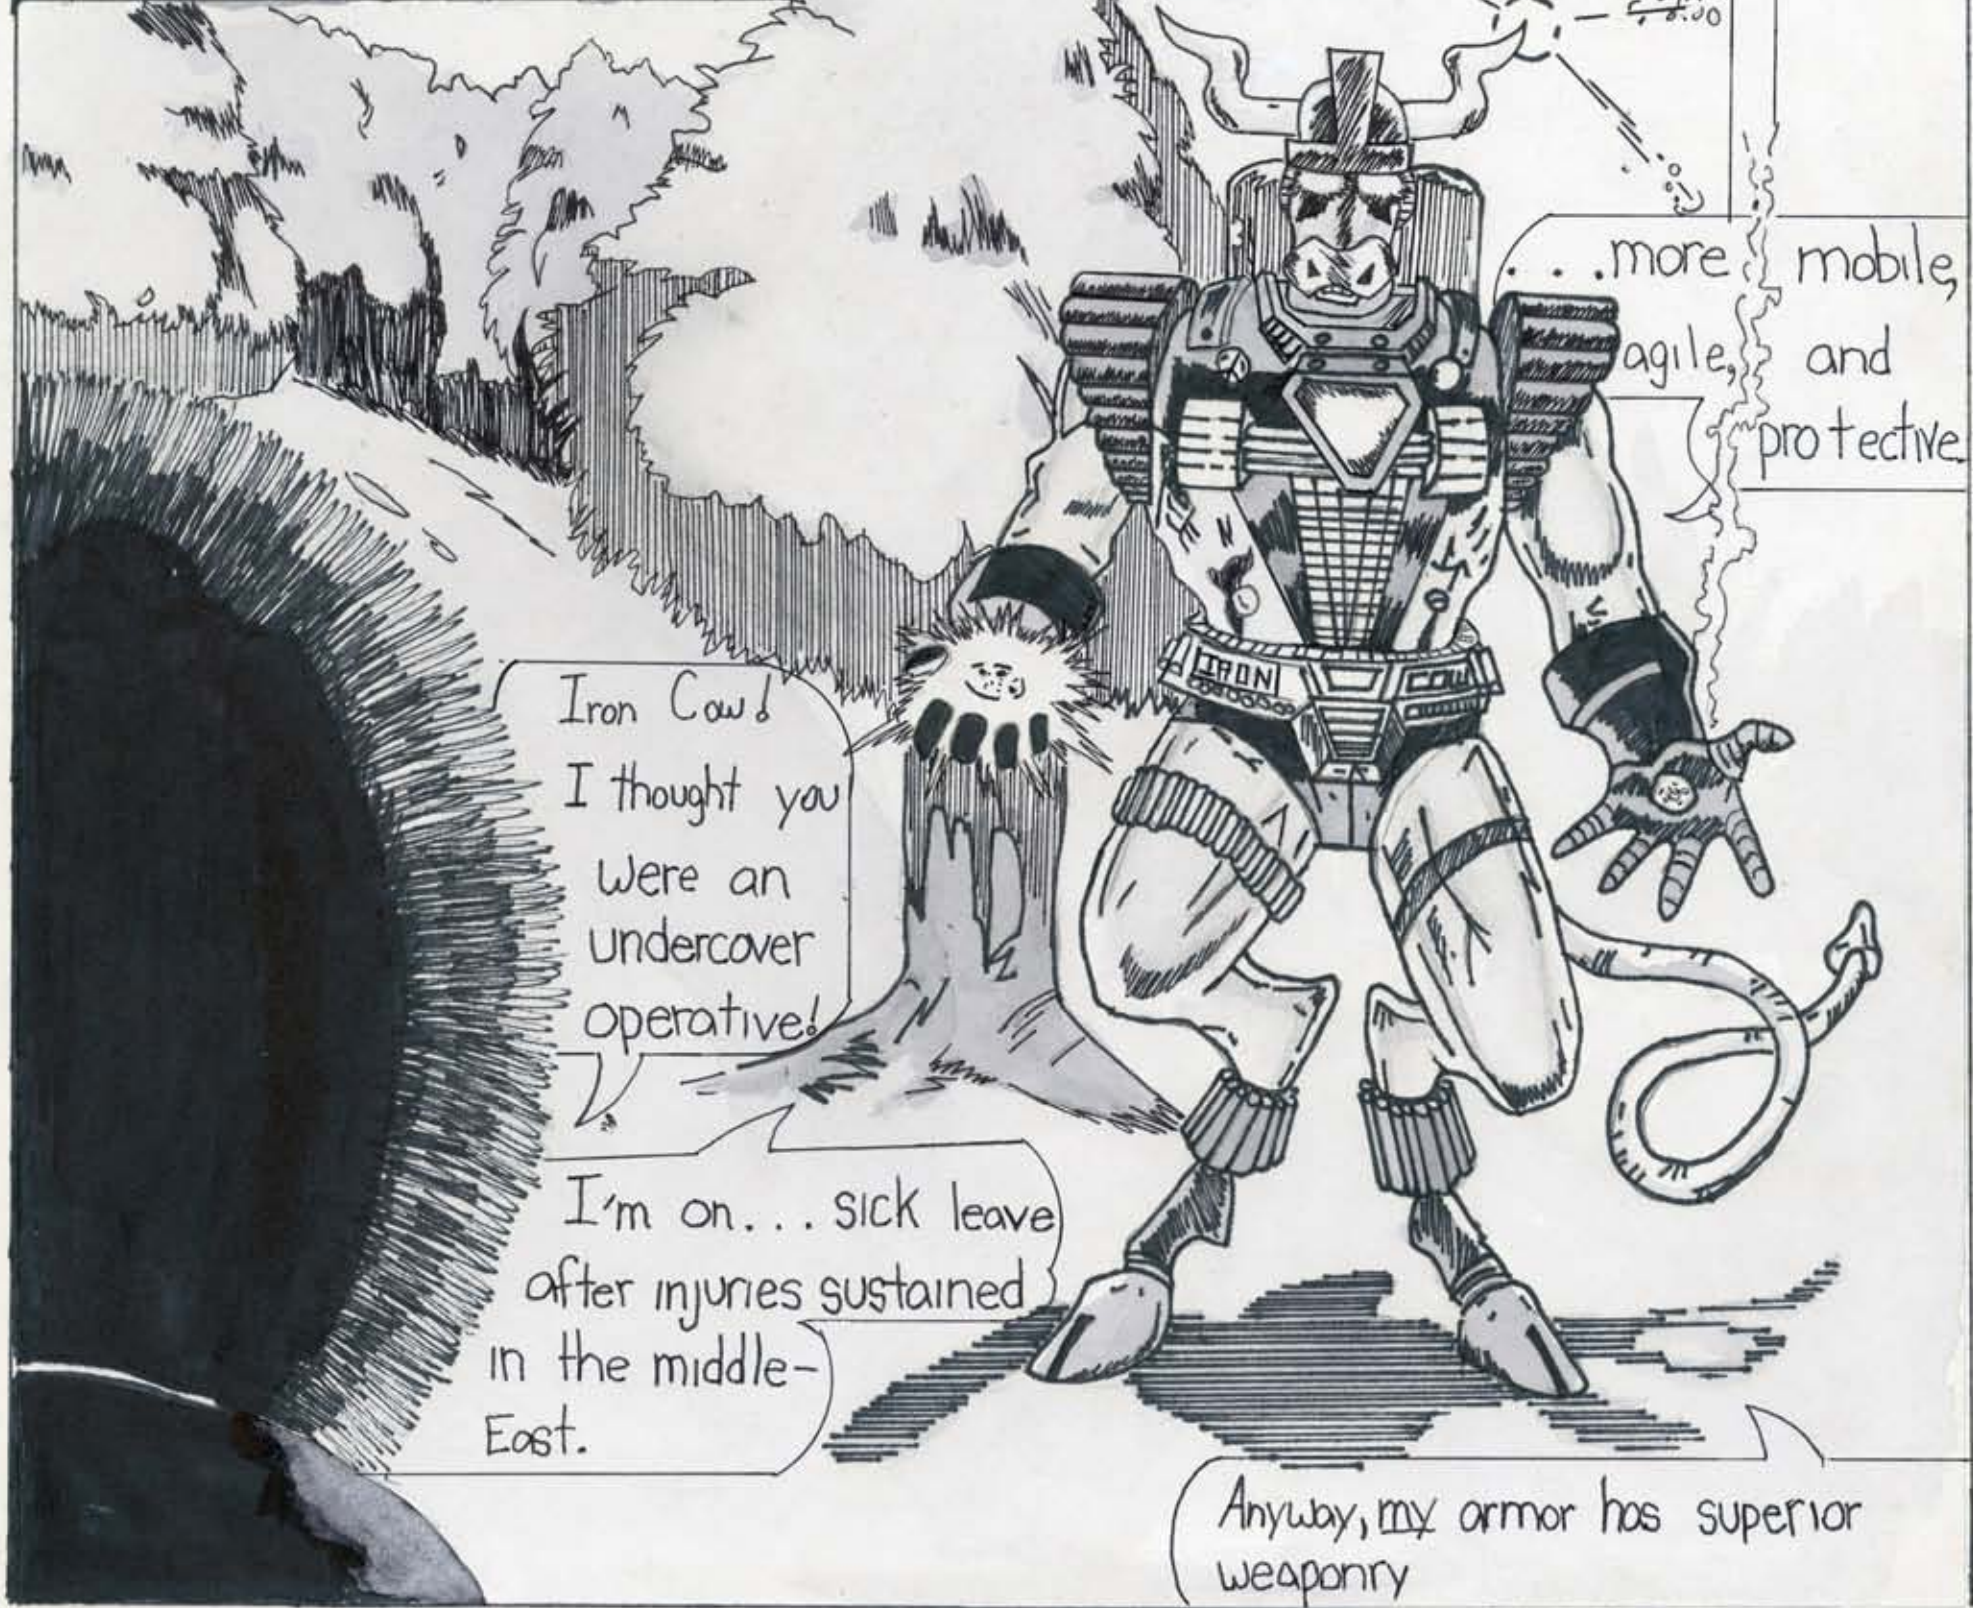

Plot: Reed Julian, Plot/Script/Art: Matt Cauley
Lettering: Jon McMillian

Only I could have thought of something so brilliant—

I beg to differ! As you can see, my exoskeleton battle suit is much...

...more mobile, agile, and protective

Iron Cow! I thought you were an undercover operative!

I'm on... sick leave after injuries sustained in the middle-East.

Anyway, my armor has superior weaponry

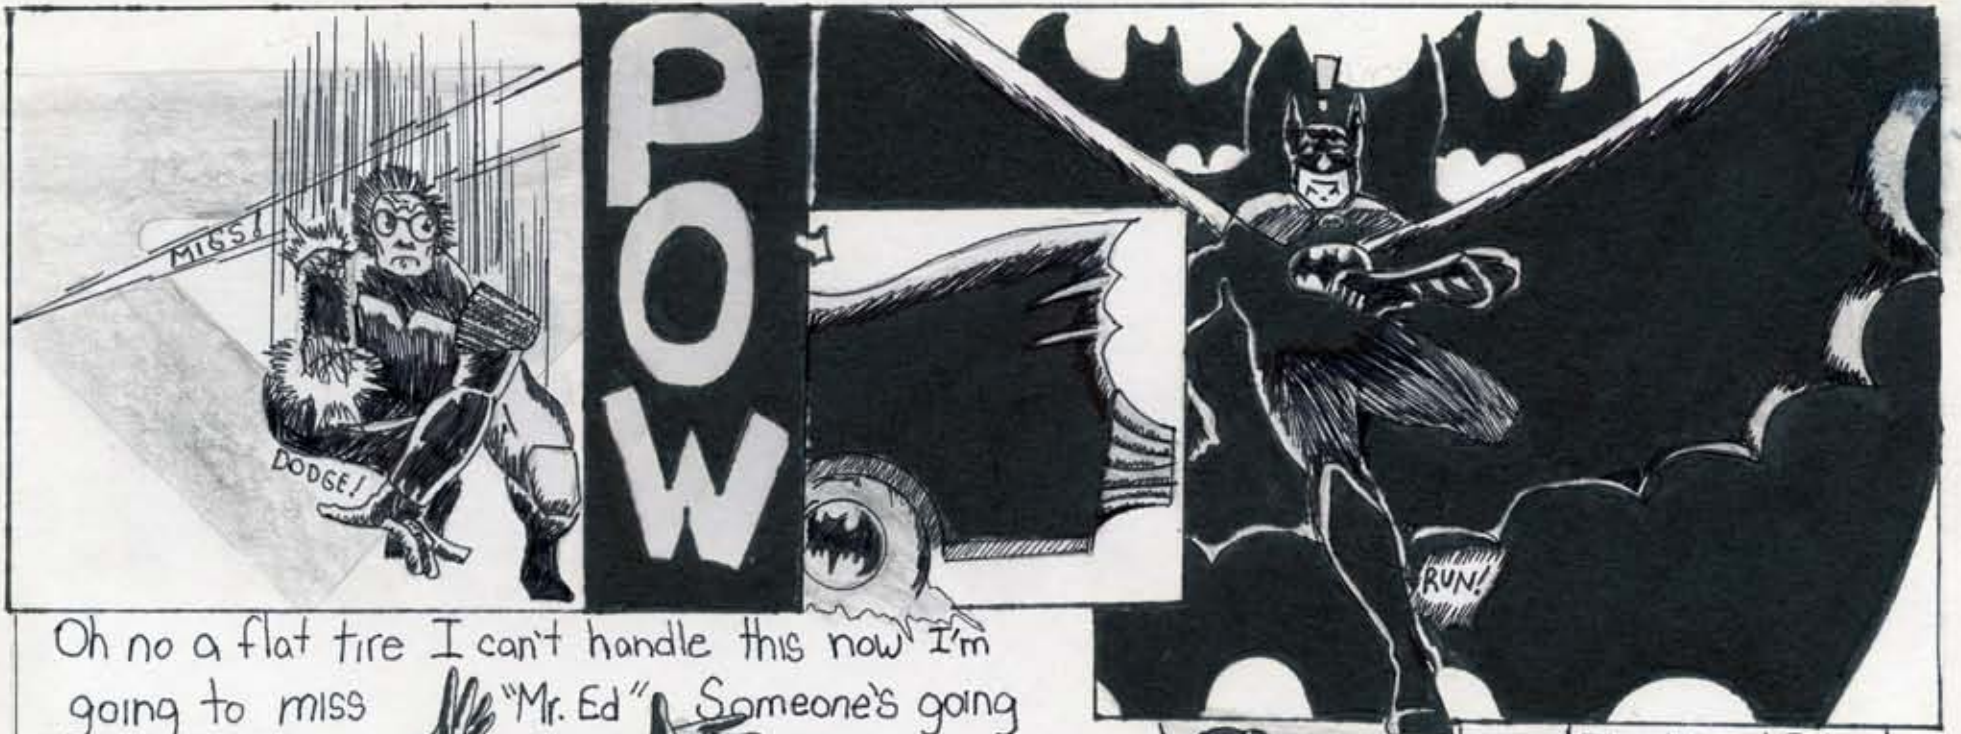

PT HUD!

Oh no a flat tire I can't handle this now I'm going to miss to pay how "Mr. Ed" am I... Someone's going to pay how am I...

As you can see, if not for my built-in steam ejection seat, I'd be burning in my battle-suit.

See! Steam is better than —

SKAKT

SKAKT

I've had enough of your "steam for the future."

I prefer metal!

Now, see the true reason I prefer steam. I am steam. It can enter so many places.

NO!

Not the ventilation ducts!

Heh, heh

Sorry, guess I
just had to
let off...
a little steam!

LATER

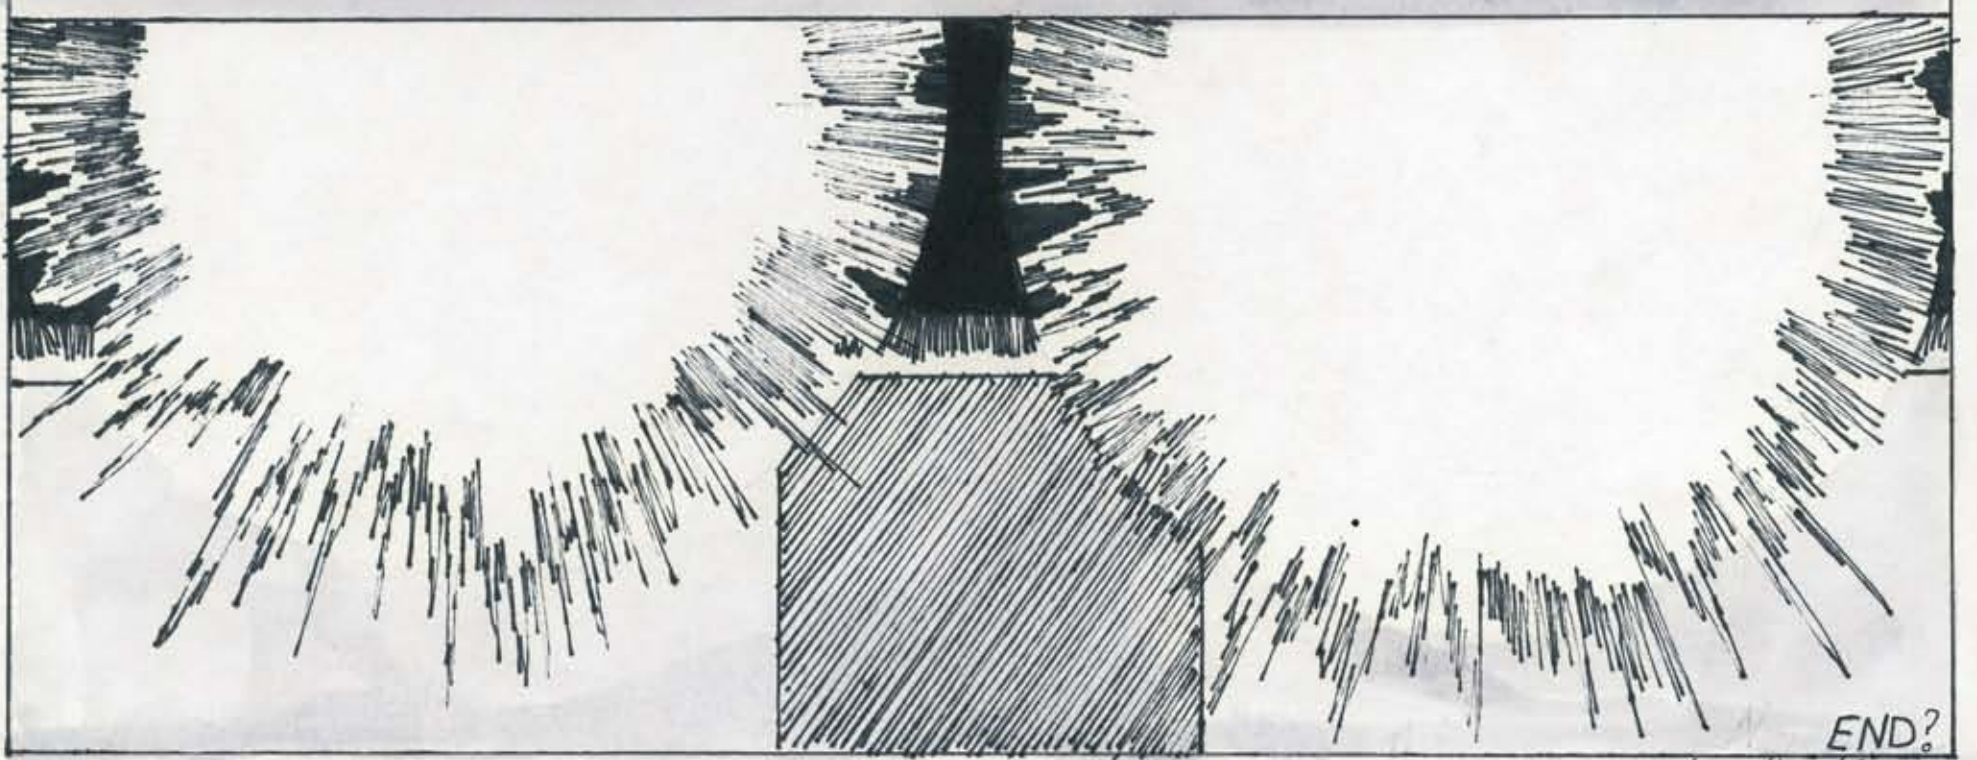

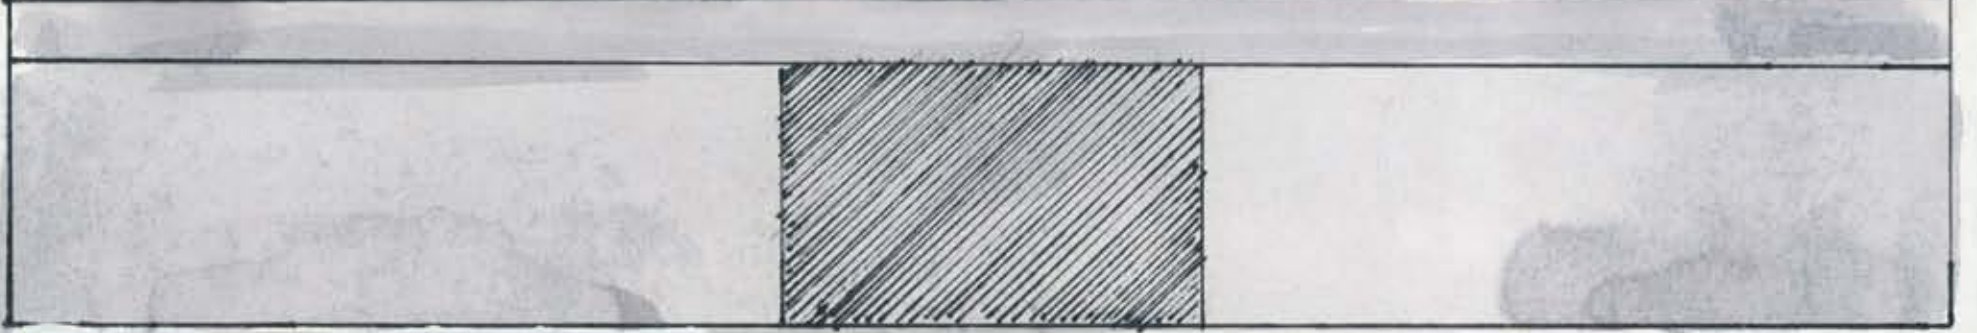

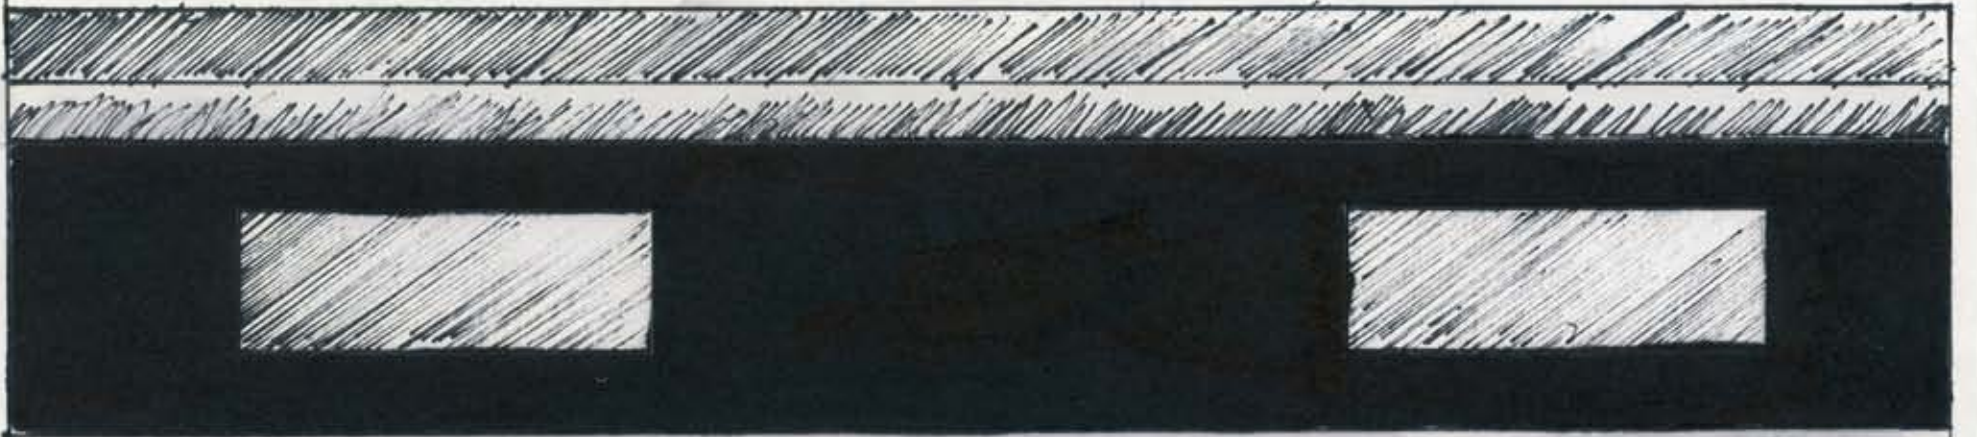

Beam
down!

He's dead, Jim!

Great, Bones!
You grab his
blaster and
I'll take his
wallet!

Later still...
